

Rio de Janeiro, Brazil August 3rd-4th, 2018

Second International Educational Symposium of the Melanoma 2019 World Society LATIN AMERICA SKIN CANCER

Conference Presidents

Carlos Barcaui, Rio de Janeiro, Brazil Claus Garbe, Tuebingen, Germany Axel Hauschild, Kiel, Germany Alberto Wainstein, Belo Horizonte, Brazil

melanomaworldsociety.org/events

Mission of the Melanoma World Society (MWS)

The following missions will guide the activities of the Melanoma World Society (MWS):

Improve Medical Education

MWS will host the World Congress of Melanoma every 4 years, following the tradition since 1985. MWS will care for grants in order to make attendance of physicians from developing countries possible. MWS will organize the World Meeting of Melanoma/Skin Cancer Centers yearly in between the World Congress of Melanoma. MWS will support educational meetings in countries with few experience in melanoma diagnosis and treatment.

Improve Guideline Development

MWS intends to unify diagnostic and therapeutic strategies in melanoma worldwide. MWS will establish a MELANO-MA KNOWLEDGE DATABASE (MKD), which contains all relevant articles for evidence based medicine in melanoma, and additionally evidence tables of these articles. MKD will be accessible for all national guideline groups. MWS will organize international expert meetings in order to develop recommendations for diagnosis and treatment of melanoma in the rapidly changing landscape.

Improve Patient's Access to New Treatments

MWS intends to provide melanoma patients worldwide access to new and more efficacious treatments. MWS will address governments in order to achieve a more rapid reimbursement of new treatments. MWS will address pharmaceutical companies in order to achieve access to new treatment modalities in countries, where the high prices cannot be reimbursed.

Improve Clinical Research in Melanoma

MWS will coordinate clinical research activities in melanoma internationally. MWS will perform international clinical trials in indications, which are not investigated by the pharmaceutical industries. MWS will support international expert meetings in order to coordinate clinical research.

Grupo Brasileiro de Melanoma (GBM)

The Second International Educational Symposium of the Melanoma World Society (MWS), Latin America Skin Cancer Forum 2018 is organized in close partnership with the Grupo Brasileiro de Melanoma (GBM).

The Brazilian Melanoma Group, established 20 years ago, is committed to improve knowledge of melanoma in Brazil targeting to assist, promote, support, encourage and develop scientific, technological, cultural, educational and social actions in melanoma awareness. To fulfill its main objective, GBM conducts courses, trainings, symposiums and multidisciplinary conferences aimed at improving the specialty and diffusion of knowledge about melanoma. GBM currently has more than 2,000 members within Brazil, made up of specialists, who debate about advances in the diagnosis and treatment of melanoma in our country including a Melanoma Informative Bulletin with 18,000 recipients 4 times a year.

For the years 2018 and 2019, the GBM has planned an important scientific agenda for its associates and experts with an interest in melanoma. There will be 14 local symposiums in strategic cities throughout Brazil, 5 regional symposiums (North, Northeast, South, Midwest and Southeast), as well as 9 scientific meetings in the city of São Paulo! The GBM Board is establishing partnerships with international institutions, such as MWS, to further increase scientific support for melanoma in Latin America. It is a great pleasure to have a partnership among GBM and MWS in order to work together to run a major scientific event in Melanoma in Rio de Janeiro, August 2018.

Flávio Cavarsan, GBM President

Para pacientes com melanoma avançado

PODE-SE INICIAR COM KEYTRUDA

O primeiro anti-PD-1 a demonstrar sobrevida global superior em comparação ao ipilimumabe^{1,a}

Taxa de sobrevida global de 33,9 meses de 50% em comparação a 39% com o ipilimumabe:^{1,a}

Desenho do estudo KEYNOTE-006: de fase 3, multicêntrico, randomizado e controlado, incluiu pacientes com melanoma metastático ou irressecável que não haviam recebido tratamento com ipilimumabe nem mais que 1 terapia sistêmica previamente. Não era necessário que pacientes com melanoma e mutação BRAF V600E tivessem recebido terapia prévia com inibidores de BRAF. Os pacientes foram randomizados (1:1:1) para receber KEYTRUDA na dose de 10 mg/kg a cada 2 semanas (n = 279) ou a cada 3 semanas (n = 277), ou ipilimumabe (n = 278). Os primeiros desfechos foram sobrevida global (SG) e sobrevida livre de progressão (SLP; conforme avaliação integrada de radiologia e oncologia [IRO] utilizando os critérios de avaliação da resposta em tumores sólidos [RECIST 1.1]). Os desfechos secundários foram taxa de resposta global e duração da resposta.²

^aPopulação com intenção de tratamento.

PD-1 = receptor de morte programada 1; NR = not reached (não alcançada); HR = razão de risco; IC = intervalo de confiança.

KEYTRUDA é contraindicado para pacientes com hipersensibilidade ao pembrolizumabe ou a qualquer um de seus ingredientes inativos. O uso de corticosteroides sistêmicos ou imunossupressores antes de iniciar o tratamento com KEYTRUDA deve ser evitado, pela potencial interferência na farmacodinâmica e na eficácia de KEYTRUDA, entretanto, pode ser feito após o início de KEYTRUDA para tratar reacões adversas imunomediadas.

KEYTRUDA é um medicamento. Durante seu uso, não dirija veículos ou opere máquinas, pois sua agilidade e atenção podem estar prejudicadas.

Welcome Message

Dear colleagues and friends,

We have the great pleasure to invite you to join us for the Second International Educational Symposium of the Melanoma World Society (MWS), Latin America Skin Cancer Forum 2018, which will be held August 3–4 in Rio de Janeiro, Brazil.

The **Melanoma World Society (MWS)** is the successor organization to the WHO Melanoma Group. The latter established the World Congress of Melanoma in the years 1985–2005, conducted trials and other projects with melanoma patients. The WHO melanoma group was disbanded in 2005, as WHO did no longer financially support such expert groups. MWS was initiated at the 8th World Congress of Melanoma 2013 in Hamburg, founded in June 2014 in Munich, and registered in January 2016.

The First International Educational Symposium of the Melanoma World Society (MWS) in Cape Town in March 2017 was a great success. Almost 250 participants from 11 different countries attended a highly informative meeting program presented by an outstanding faculty. The participants and pharmaceutical industry offered very positive feedback with excellent ratings for the quality of lectures and speakers and the scientific content of the presentations.

International and national key opinion leaders on skin cancer will be invited to the second MWS meeting in Rio de Janeiro to give an overview throughout specified presentations, to present latest clinical trial results, and to discuss on exciting new drugs, technologies and diagnostic tools with the audience.

We look forward to welcoming you in Rio de Janeiro in August 2018!

Best regards,

Carlos Barcaui, MD

Claus Garbe, MD

Axel Hauschild, MD

Alberto Wainstein, MD

Scientific Director

SATURDAY, AUGUST 4TH, 2018

Program at a glance

3RD

FRIDAY, AUGUS

Final Program

Friday, August 3rd, 2018

07:50-08:00	Opening of the conference MWS Presidential Address Claus Garbe, Tuebingen, Germany		
08:00-09:00	Molecular biology of melanoma Chairpersons: Gabriela Cinat, Buenos Aires, Argentina Grant McArthur, Melbourne, Australia		
	08:00-08:15	Biology of melanoma: From melanocytic nevus to metastatic melanoma Grant McArthur, Melbourne, Australia	
	08:20-08:35	Molecular testing in melanoma Gilles Landman, São Paulo, Brazil	
	08:40-08:55	Panel discussion: Future testing Gabriela Cinat, Gilles Landman, Grant McArthur	
09:00–10:00	Chairpersons: A	gy of skin cancer lejandra Larre Borges, Montevideo, Uruguay ean Jacques Grob, Marseille, France	
	09:00-09:15	Global incidence of skin cancer Claus Garbe, Tuebingen, Germany	
	09:20-09:35	Global mortality of melanoma Jean Jacques Grob, Marseille, France	
	09:40-09:55	Melanoma in Latin America Alejandra Larre Borges, Montevideo, Uruguay	
10:00–10:30	Coffee Break		
10:30–11:30	Chairpersons: C	ion of melanoma aterina Longo, Reggio Emilia, Italy arlos Barcaui, Rio de Janeiro, Brazil	
	10:30–10:45	Population based skin cancer screening in Germany Axel Hauschild, Kiel, Germany	
	10:50–11:05	Dermoscopy as a tool for early detection Carlos Barcaui, Rio de Janeiro, Brazil	
	11:10–11:25	New devices for skin cancer diagnosis Caterina Longo, Reggio Emilia, Italy	

11:30–12:30	Surgery		
	Chairpersons: Roland Kaufmann, Frankfurt, Germany Alberto Wainstein, Belo Horizonte, Brazil		
	11:30–11:45	Surgery of melanoma primaries and regional nodes Roland Kaufmann, Frankfurt, Germany	
	11:50–12:05	Surgery of advanced metastatic melanoma Alberto Wainstein, Belo Horizonte, Brazil	
	12:10–12:25	Surgery of acral and lentiginous melanoma Francisco Belfort, São Paulo, Brazil	
12:30–13:00	Break		
13:00–14:00	Adjuvant treatment Chairpersons: Sanjiv Agarwala, Bethlehem, USA Andréia Melo, Rio de Janeiro, Brazil		
	13:00–13:15	Adjuvant targeted treatment Sanjiv Agarwala, Bethlehem, USA	
	13:20–13:35	Adjuvant immunotherapy Axel Hauschild, Kiel, Germany	
	13:40–13:55	Panel discussion: What's the standard of care? Sanjiv Agarwala, Axel Hauschild, Andréia Melo	
14:00–15:00	Targeted therapy of metastatic melanoma Chairpersons: Dirk Schadendorf, Essen, Germany Rafael Aron Schmerling, São Paulo, Brazil		
	14:00–14:15	Update on targeted therapies in melanoma Dirk Schadendorf, Essen, Germany	
	14:20–14:35	Management of adverse events Marina Sahade Gonçalves, São Paulo, Brazil	
	14:40–14:55	Panel discussion: Patient access to new medication initiative of the MWS and Latin America Marina Sahade Gonçalves, Dirk Schadendorf, Rafael Aron Schmerling, São Paulo, Brazil	

-8-

15:00–16:30	Satellite Symposium MSD Advances of Immunotherapy in the Treatment of Melanoma		
	15:00–15:05	Opening remarks Rafael Aron Schmerling, São Paulo, Brazil	
	15:05–15:25	Emerging data in immunotherapy for patients with metastatic melanoma Antonio Carlos Buzaid, São Paulo, Brazil	
	15:25–15:45	Clinical cases discussion and Q&A session Moderator: Rafael Aron Schmerling, São Paulo, Brazil Antonio Carlos Buzaid, São Paulo, Brazil Axel Hauschild, Kiel, Germany	
	15:45–16:05	Updates in the adjuvant treatment for patients with high risk resected melanoma Axel Hauschild, Kiel Germany	
	16:05–16:25	Clinical cases discussion and Q&A session: Moderator: Rafael Aron Schmerling, São Paulo, Brazil Antonio Carlos Buzaid, São Paulo, Brazil Axel Hauschild, Kiel, Germany	
	16:25–16:30	Closing remarks Rafael Aron Schmerling, São Paulo, Brazil	
16:30–17:00	Coffee Break		
17:00–18:00	Immunotherapy of metastatic melanoma Chairpersons: Antonio Carlos Buzaid, São Paulo, Brazil Axel Hauschild, Kiel, Germany		
	17:00–17:15	Overview on immune checkpoint modulators Antonio Carlos Buzaid, São Paulo, Brazil	
	17:20–17:35	Future perspectives of immune therapies Dirk Schadendorf, Essen, Germany	
	17:40–17:55	Management of adverse events Rodrigo R. Munhoz, São Paulo, Brazil	
18:00–19:00	Systemic treatment of non-melanoma skin cancers Chairpersons: Gelcio Mendes, Rio de Janeiro, Brazil Rogerio I. Neves, Hershey, USA		
	18:00–18:15	Basal cell carcinoma Rogerio I. Neves, Hershey, USA	
	18:20–18:35	Merkel cell carcinoma Lucie Heinzerling, Erlangen, Germany	
	18:40–18:55	Squamous cell carcinoma Jean Jacques Grob, Marseille, France	

Final Program

Saturday, August 4th, 2018

08:00-09:00	Primary prevention of skin cancer Chairpersons: Carlos Barcaui, Rio de Janeiro, Brazil Dagmar Whitaker, Cape Town, South Africa		
	08:00-08:15	The role of sunscreens Dagmar Whitaker, Cape Town, South Africa	
	08:20-08:35	Prevention in Brazil Renato Bakos, Porto Alegre, Brazil	
	08:40-08:55	Prevention – what do we have achieved Iris Zalaudek, Trieste, Italy	
09:00–10:00	Management of actinic keratoses Chairpersons: Marcus Maia, São Paulo, Brazil Roland Kaufmann, Frankfurt, Germany		
	09:00-09:15	Lasers Roland Kaufmann, Frankfurt, Germany	
	09:20-09:35	Topical treatments Caterina Longo, Reggio Emilia, Italy	
	09:40-09:55	Photodynamic therapy (PDT) Maria Claudia Issa, Niterói, Brazil	
10:00–10:30	Coffee Break		
10:30–11:30	Satellite Symposium Roche Target therapy in Melanoma Treatment: case discussion Terapia Alvo no tratamento de Melanoma: discussão casos Chairperson: Axel Hauschild, Kiel, Germany Case Discussion: Andréia Melo, Rio de Janeiro, Brazil Rodrigo Munhoz, São Paulo, Brazil Rodrigo Rovere, Blumenau, Brazil		
11:30–11:45	Break		

11:45–12:45	Follow-up examinations in melanoma Chairperons: Claus Garbe, Tuebingen, Germany Flavio Carvasan, Goiânia, Brazil		
	11:45–11:55	Follow-up of melanoma in Germany Claus Garbe, Tuebingen, Germany	
	12:00–12:10	Follow-up of melanoma in Brazil Flávio Cavarsan, Goiânia, Brazil	
	12:15–12:25	Follow-up of melanoma in Italy Caterina Longo, Reggio Emilia, Italy	
	12:30–12:40	Panel discussion: Optimizing melanoma follow-up Flávio Cavarsan, Claus Garbe, Caterina Longo	
12:45–13:30	Satellite Symposium L'Oréal with lunch		
	What is the dermocosmetic role in the management of cutaneous toxicity? Chairperson: Carlos Barcaui, Rio de Janeiro, Brazil Speaker: Andréia Melo, Rio de Janeiro, Brazil Cristina Abdalla, São Paulo, Brazil		
13:30–13:45	Coffee Break		
13:45–14:45	5 Controversy in the management of skin cance Chairperson: Joao Duprat, São Paulo, Brazil		
	13:45–14:00	Primary prevention: sunscreens are useless Claus Garbe, Tuebingen, Germany	
	14:05–14:20	What are melanoma patients major concerns and most frequent asked questions? Miguel Brandao, Salvador, Brazil	
	14:25–14:40	Melanoma follow-up is useless Dirk Schadendorf, Essen, Germany	
14:45–16:15	Case discus	sions for advanced melanoma	
	Chairpersons: Axel Hauschild, Kiel, Germany Grant McArthur, Melbourne, Australia Hector Martinez-Said, Mexico City, Mexico		
	Luiz Flavio Couti Luiz Fernando N Alberto Wainstei	by: Porto Alegre, Brazil nho, Belo Horizonte, Brazil unes, Rio de Janeiro, Brazil n, Belo Horizonte, Brazil merling, São Paulo, Brazil	

16:15–16:30	Take home message and poster awards		
16:30–16:45	Coffee Break		
15:00–18:00	PARALLEL SESSION in room Vidigal A–C Dermoscopy course for pigmented and non-pigmented skin tumors Educational Session Carlos Barcaui, Rio de Janeiro, Brazil Caterina Longo, Reggio Emilia, Italy Flávia Vasques Bittencourt, Belo Horizonte, Brazil Iris Zalaudek, Trieste, Italy		
	15:00–15:25	Dermoscopy of amelanotic and hypermelanotic melanoma Iris Zalaudek, Trieste, Italy	
	15:30–15:55	Dermoscopy of facial melanoma Flávia Vasques Bittencourt, Belo Horizonte, Brazil	
	16:00–16:25	Dermoscopy of acral and nail melanoma Carlos Barcaui, Rio de Janeiro, Brazil	
	16:30–16:55	Dermoscopy of unusual melanoma subtypes Caterina Longo, Reggio Emilia, Italy	
	17:00–17:45	Dermoscopy cases - not only melanoma Carlos Barcaui, Rio de Janeiro, Brazil Caterina Longo, Reggio Emilia, Italy Flávia Vasques Bittencourt, Belo Horizonte, Brazil	

Roche-sponsored satellite symposium at the

Second International Educational Symposium of the Melanoma World Society

2018 LATIN AMERICAN SKIN CANCER FORUM

Terapia Alvo no Tratamento de Melanoma Metastático: Discussão de Casos Clínicos

Sábado, 4 de Agosto, 2018 | 10.30 – 11.30 a.m.

Main Meeting Room Gavea A+B | Sheraton Grand Rio Hotel
Rio de Janeiro, Brazil

10:30	Introdução Dr. Axel Hauschild - University of Kiel, Alemanha

General Information from A–Z

Abstracts

All Abstracts which were choosen as posters will be presented in the Poster Exhibition in room IPANEMA.

Poster Awards

1. Price: 1.500 BRL 2. Price: 1.000 BRL 3. Price: 500 BRL

The best 5 posters will also receive free tickets for the Post-Chicago Melanoma/Skin Cancer Meeting 2019 in Munich and the Brazilian Melanoma Conference 2019.

Accommodation

MedConcept has obtained special accommodation rates for congress participants at the conference venue. Further information will be available online at www.melanomaworldsociety.org/events

Cancellation Policy

Cancellations must be received in writing by July 1st, 2018. No refunds will be granted after that date. To cancel a registration, please send an email to info@medconcept.org and include "2nd Interational Educational Symposium – Cancellation" in the subject line. A processing fee of 30 USD will be deducted from each cancelled registration.

Substitutions (new ticket holder must come from the same institution) are possible and must be received in writing by July 13th, 2018. To substitute a registration, please send an email including the name of the original registrant and the name of the person substituting to info@medconcept.org and include "2nd Interational Educational Symposium – Substitution" in the subject line.

Conference Venue

Sheraton Grand Rio Hotel Av. Niemeyer, 121 – Leblon Rio de Janeiro – RJ, 22450-220, Brazil

Phone: +55 21 2274-1122

Conference Date

August 3rd-4th, 2018

Exhibition

A commercial exhibition will be held at the conference venue, close to the main meeting rooms.

Exhibition Opening Hours

Friday, August 3rd, 2018: 06:30–20:00 Saturday, August 4th, 2018: 07:00–18:00

Insurance

The Organizer does not accept liability for individual medical, travel or personal insurance and participants are strongly advised to make their own arrangements in respect to health and travel insurance.

Language and Translation

The official language of the meeting will be Portuguese. Simultaneous translation (English and Spanish) will be provided.
